OUTLINES.

At Canton, China, yesterday, a big powder magazine exploded, killing 21 men, razing 15 buildings to the ground and tearing down more than 100 yards of the ancient city wall.——On the British flagship at the Jamestown Exposition yesterday, Rear Admiral Sir George Neville and Lady Neville received the American naval and army officers, the reception being a brilliant one attended by many society people.——In the State of Chihuahua, Mexico, yesterday a dam gave way engulfing 40 men, 20 of whom are dead and others missing.——At Baltimore last night Kid Sullivan knocked out Young Corbett in the eleventh round.——Confederates yesterday joined the survivors of the 23rd New Jersey regiment of veterans in unveiling a monument to their comrades killed in the battle of Salem Church near Fredericksburg, Va., during the Civil war.——To help out the Department of Justice in its investigation of the Watch Trust, Charles A. Keen, of New York, president of the Independent Watch Dealers' Association, yesterday in Washington furnished the department with evidence that the trust sells watches in Europe much cheaper than they do at home; Mr. Keene offered President Roosevelt an American watch purchased in Europe but the President declined to accept it.——Serious anti-European riots have occurred at Walpindi, India, where a Hindu mob burned bungalows, pillaged the mission church, looted the postoffice and burned a garage with all the automobiles.——In the trial of Alex R. Chisholm at Birmingham for embezzling $100,000 of a bank's funds, three witnesses were put on the stand to show that Chisholm was suffering under the delusion that he could make millions on cotton futures.——Once more President Roosevelt says he has no more statements to make reiterating his declaration that he would not be a candidate for President again.——New York markets: Money on call, steady, 2 1-2 to 4 per cent., ruling rate 3, closing bid 2 1-2, offered at 3; spot cotton, steady, 11.55; flour, firm but quiet; wheat, barely steady, No. 2 red, 89 3-4 elevator; corn, easy, No. 2 red, 60 elevator; oats, steady, mixed, 47 1-2 to 48; turpentine, steady; rosin, firm.

The American newspapers are having nearly as much fun out of Editor Stead, of London, as they had with Maxim Gorky, the Russian novelist.

If it keeps up Colonel Bryan may view with alarm the effort of Democrats to swing on the tailboard of the Roosevelt band wagon.

We should profit by the mistakes and follies of others. Otherwise we couldn't stand a chance of acquittal of the charge of being fools.

If the Nations will not agree to disarmament, it is as little as they might do to agree that none of them will add air battleships to their war outfits.

Certain politicians of the National class should refrain from attempting to pass off on an unsuspecting public campaign pretexts as political principles.

Since three Federal officers in New York have been laid out with the big stick, others will know better than not to write at once to Washington for a supply of Taft campaign button

"A Norfolk man paid $100 for hugging a girl."—Richmond Times-Dispatch. "True, but she was a Norfolk girl."—Norfolk Landmark. If he could spare the money his luck will cause deepseated envy down this way.

"Do the spirits of the dead come back to earth?" inquires a correspondent of a spiritualistic paper. We should say not, or else every few days we would meet up with the spirits of Jefferson and Lincoln on their rounds for the purpose of haunting politicians who are trying to palm off some of their new-fangled political hallucinations as Jeffersonian and Lincolntonian principles.

Newport News has hardly finished a row with Roanoke as to which of the two is the fifth city in Virginia until she is trying to pick a row with Norfolk. The Newport News Times-Herald, of Saturday, speaking of the opening of the Jamestown Exposition last Friday, flaunts this in Norfolk's face: "The events of yesterday showed conclusively that Newport News is the Exposition City."

The Atlanta Journal asks: "Have the newspapers noticed any reduction in their paper bills since the administration put the paper trust out of business?" An answer in the affirmative would make publishers eligible to membership in Roosevelt's "Ananias Club." If any trust is really busted and suffering we'll help it out with our spare change if it comes groveling in the dust and making signs like it's been hit hard.

INTEREST OF PEACE

Lecture Last Evening By Mr. Hayne Davis of New York.

NORTH CAROLINA SOCIETY

Organization Will Be Perfected in This City Today—Reception After Address in Elks' Temple By the Lodge.

A large and highly cultured audience assembled yesterday evening at 8:30 oclock in the Elks' Temple and listened to a most instructive address from Mr. Hayne Davis, of New York, secretary of the International Association of Conciliation, who is in North Carolina, his native State, for the purpose of perfecting the organization here. The address was in the lodge room on the third floor of the building, where comfortable seats had been arranged for the large number who came, in spite of the rather inclement weather. The stage in the hall had been tastefully set with palms, while as a background were gracefully unfurled the two very beautiful silk peace flags which will today be formally presented to the North Carolina Society, one for itself and the other to be presented to the State. White and green was the color scheme of the decorations, and the effect was altogether appropriate and charming.

The distinguished North Carolinian, who has achieved distinction in the great work in which he is engaged not only in America, but abroad, was presented in most happy manner by the Rt. Rev. Robert Strange, Bishop of East Carolina. Mr. Davis was received with applause. He is a young man of engaging personality, fine stage presence, and speaks as one thoroughly imbued with his subject. His appeal was for law in substitution for arms, and his theme was developed most interestingly. He spoke for more than an hour, and had the undivided attention of his hearers.

Following the lecture an elegant spread of dainty refreshments was served by the Elks' in the parlors on the second floor in honor of the distinguished visitors and the auspices under which the lecture was given. This was quite an unexpected pleasure to the guests, who at the informal reception which it brought about were privileged to meet Mr. Davis personally and talk with him concerning his great work.

Special guests at the lecture were members of the North Carolina Society of the Colonial Dames of America and the North Carolina Sorosis, of Wilmington, both of which organizations of ladies endorsed the movement and asked that seats be reserved for them in the hall.

Accompanying Mr. Davis to Wilmington are his mother, Mrs. Mary Pearson Davis, of Salisbury; Mr. Arthur E. Overbury, of New York, and Prof. F. S. Blair and Mr. J. F. Davis, of Guilford College, N. C., both of whom are interested in the perfection of the organization of the North Carolina Peace Society.

At the conclusion of the lecture last evening Mr. Davis announced the meeting this afternoon at 3:30 o'clock at The Orton. Immediately after the adjournment of the National Arbitration and Peace Congress in New York week before last a meeting of the delegates from North Carolina was held at the suggestion of the delegates from Wilmington and the nucleus for a North Carolina Society was formed. Prof. Blair and Mr. Davis were named on the executive committee to prepare a suitable constitution and to call a special meeting to be held in North Carolina. This meeting was called for this afternoon and all interested in the work are invited to attend. At this meeting the two very handsome peace flags shown last night will be presented to the Society, one for its own use and the other to be given to the State of North Carolina.

Mr. Davis goes from Wilmington to the University of North Carolina to address the students there.

PRESBYTERIAN REVIVAL

Rev. Henry W. Stough, of Chicago, Coming Next Week With Famous Singer—Appointments For Tomorrow, Beginning Series.

Beginning tomorrow night a series of union evangelistic services will be commenced by the Presbyterians of Wilmington at the First Church, corner of Third and Orange streets. With this series of services will be merged the revivals that have been in progress this week at St. Andrew's and Immanuel churches. While this union meeting will be under the auspices of the Presbyterian churches of the city, it is made plain that all the people of Wilmington, regardless of denomination, are invited. The preaching will be by Rev. Henry W. Stough, of Chicago, who has been associated with Dr. J. Wilbur Chapman, originator and leader of the great Evangelistic movement inaugurated three years ago to reach the entire world. Mr. Stough has been associated with Dr. Chapman in a score of cities from Portland to Los Angeles and from Minneapolis to Austin, Tex.

Mr. Stough has associated with him Mr. J. W. Reynolds, a noted baritone, who as a chorus leader and soloist, has a promising career before him. His voice is said to be high baritone and possesses a richness and sweetness that never fails to touch the heart of his hearers. He is an incomparable director of song, and his long association with the great evangelist has made him a valuable assistant in the great work in which he is engaged.

A college course, general secretaryship in the Young Men's Christian Association, a theological seminary course, seven years as a pastor in one congregation, and six years in the evangelistic field have served to equip Rev. Mr. Stough for his present labors.

The services tomorrow will be sermon at 11 A. M. by Rev. Mr. Stough; Sunday School at 4 P. M., service for young people, addressed by Rev. Mr. Stough at 5 P. M., and union service at 8 P. M.

LIBELLED A SCHOONER.

Stanley H. Minor Held for Salvage Claim by Tugs and Pilots.

Messrs. Rountree & Carr and ex-Judge E. K. Bryan, counsel for the Wilmington, Southport & Little River Transportation Company, owners of the steam tugs Blanche and Alexander Jones, and Capt. J. J. Weeks and others, owners of the pilot boat Isabel, in the United States Court here yesterday, libelled the schooner Stanley H. Minor, which was recently pulled off Frying Pan shoals and towed into Southport. The amount of salvage claimed is understood to be in the neighborhood of $30,000. All efforts to effect a settlement proved fruitless, hence the libel. The schooner will likely give bond and proceed as soon as she is in condition. Deputy Marshal C. O. Knox went down to Southport yesterday afternoon and served the papers, taking possession of the craft.

The Stanley H. Minor, Capt. Fullerton, from Satilla River, Ga., to Philadelphia with cargo of piling, during a heavy fog on the morning of March 8th, went ashore on Frying Pan. Capt. Fullerton, his wife and members of the crew were taken from aboard the vessel and landed at Southport the following day. The schooner was subsequently floated by the Blanche with the assistance of the pilots from the Isabel and was towed into Southport with the assistance of the Jones. The decklead was washed away and she had 12 feet of water in her hold, necessitating beaching her on Battery Island. A part of her rigging was also carried away.

BRAVES AT GREENSBORO

Great Council, Improved Order of Red Men, Adjourned at Greensboro to Meet Next in Asheville—The Officers Elected.

Wilmington representatives and members who have been attending the Great Council sessions of the Improved Order of Red Men at Greensboro have returned to the city and report a most interesting gathering of the great chiefs of the State. Asheville was chosen as the next place of meeting over Newbern and Elizabeth City. Greensboro handsomely entertained the chiefs this year and the returning delegates are full of enthusiasm over the hospitality of Gate City people. The great chiefs elected for the ensuing year are as follows:

Great Sachem—B. W. Taylor, of Washington.

Great Senior Sagamore—E. A. Ebert, Winston-Salem.

Great Junior Sagamore—Jos. E. Pogue, Raleigh.

Great Prophet—F. M. Hodges, Greenville.

Great Chief of Records—W. Ben Godwin, Elizabeth City.

Great Keeper of Wampum—E. P. H. Strunck, of Wilmington.

Great Sannap—J. M. Gallagher, of Washington.

Great Minshinewa—D. M. Weatherly, of Ramseur.

Great Guard of Wigman—C. M. Berryhill, of Charlotte.

Great Guard of Forest—John Green, of Boiling Springs.

Mr. W. P. Gafford, of Wilmington, was chosen on the standing committee of appeals and Mr. F. K. J. Fuchs was re-elected a member of the Judiciary Committee of the Great Council. In its notes of the proceedings the Greensboro Industrial News says:

"Wilmington can boast of one of the finest wigwams in the State, costing $25,000, and erected by the hustling tribe in the city down by the sea. The cornerstone laying of this magnificent wigwam last Fall was a great event among the Red Men of that city and the State.

"At the great council session in Salisbury two years ago a law was enacted excluding liquor dealers, bartenders and gamblers from the order. An amendment was offered at this great council to strike out liquor dealers and bartenders, leaving it optionary with the tribes to take in liquor dealers and bartenders, but was voted down and consequently, people engaged in these occupations cannot enter the Improved Order of Red Men in the great council of North Carolina."

THAW-WHITE TRIAL.

Bijou Theatre Not Able to Hold the Crowds Last Night.

The Bijou, on North Front street, was not able to hold the crowds that flocked yesterday afternoon and last night to see the moving picture exhibition of the sensational incidents of the Thaw tragedy in New York. An attack on the morale of the play by a Wilmington pastor in the afternoon paper yesterday afternoon served to increase the attendance of the night before by something like 100 per cent. and it was late at night when "never out and never over" was heard for the last time. In the film shown there seems to be nothing immoral whatever and the objection raised seems to be more to the immoral vein that runs through the tragedy itself rather than the moving picture exhibition of it. There seems to be nothing in the atmosphere to prevent the film running through the three nights concluding this evening.

NEWS FROM RALEIGH

Secretary T. K. Bruner of Agricultural Department Has New Strawberry Statistics.

25 PER CENT. IS ESTIMATED

Specimens for Jamestown Exposition Display—Auditor Dixon in Pitt and Edgecombe—Bladen Lumber Enterprise—Notes.

(Special Star Correspondence.)

Raleigh, N. C., May 3.—Secretary T. K. Bruner, of the State Department of Agriculture, returned this morning from a trip to the trucking section of Eastern Carolina in search of strawberries for the North Carolina exhibit at Jamestown. He arranged for some very fine specimens which will be specially prepared for the exhibit. He says that at present the crop is not more than 25 per cent., as compared with the yield for the same period in previous years, this being due to the recent cold and subsequent dry weather. However, he thinks the rains of the past few days will bring out blooms in abundance that will mature berries. All depends on how widespread in other sections the killing frosts were as to whether the Carolina growers are to receive profitable prices. The market now ranges about $3.50 per crate of 32 quarts. They have sold at $4 and $5 this season.

State Auditor B. F. Dixon returned from Falkland this morning, having delivered an address there yesterday for the close of the schools. He was delighted with crop prospects in the section of Pitt and Edgecombe counties through which he traveled and declared that he would rather have a farm in either of these counties than in the much talked of farming sections of Texas, Mississippi or elsewhere.

The penitentiary management announces the escape of John Bailey, a mulatto, 22 years old, serving a sentence from Mecklenburg county for 25 years for murder. He escaped from the convict camp at Godwin.

A charter is issued for the Montreal Concrete Block Company, capital $50,000, by Fleming Ramseur and others. Another charter is to the Newton-Pridy Lumber Company, of Elizabethtown, Bladen county. The capital is $15,000, by F. A. Wade and others.

The trial of the damage suit of J. M. Blake vs. Southern Railway Co., was begun in the Wake Superior Court last evening and will require some time to dispose of it. Blake was in the employ of the Raleigh & Southport, which uses the Southern tracks in coming into Raleigh. Blake was helping to shift a Southern train when a Raleigh & Southport engine crashed into it and injured Blake. Later he signed a full release to the Raleigh & Southport and resumed work for the company. Now he sues the Southern, claiming he was in the service of the Southern at the time in that, with the consent of both companies laborers of his class relieved each other for the two roads.

THE GUN CLUB SHOOT.

First Event for Peters' Trophy Yesterday Afternoon—The Scores.

The Wilmington Gun Club yesterday afternoon held a very interesting shoot on the traps near Delgado. The attendance was the largest of the season, these including not only those who participated in the shoot but a large number of spectators. Mr. Empie's score was 22; Mr. Warren's, 21, and Dr. Bellamy's, 21. Some other high scores in this event were Boylan, 18; Penny, 17; Littig, 17; Boushee, 16; Russell, 14; Stokley, 13; Dreher, 12; Truelove, 10; Richardson, 9, and Sanders, 8.

ANNUAL PILGRIMAGE

North Carolina Society of Colonial Dames Journeyed to Old Brunswick.

THE RUINS OF ST. PHILIPS

Enjoyable Outing at Historic Church Down the Cape Fear—Splendid Address by Mr. Junius Davis. Other Exercises.

Although the skies were leaden and threatening, the annual pilgrimage of the North Carolina Society of the Colonial Dames of America to the historic ruins of St. Philip's Church, at Old Brunswick, down the Cape Fear river, yesterday afternoon was a delightful success in every particular. More than 300 attended, these including not only the resident and visiting members of the Colonial Dames but a great many friends. Usually an entire day is given to this pilgrimage but this year the exercises in connection with the annual meeting of the Society were so manifold that it was decided to have only an afternoon trip and this proved most pleasing. Capt. Jno. W. Harper, of the steamer Wilmington, was at the helm and the trip was both pleasant and profitable for all who were on board.

The steamer left the city at 3:45 o'clock in the afternoon and passing down the river, with bunting flying and the railing of the saloon deck being resplendent in the colors of the Society, blue and yellow, the scene was an inspiring one. Passing the rear of the handsome Colonial residence of Mr. James Sprunt, on South Front street, at either end of the parapet walls from the river side of the fine estate were displayed the British and United States flags with colors of the signal corps gracefull draped between. As the pretty steamer passed these colors were dipped in salute to the Dames and their guests, the courtesy being exchanged with enthusiasm from on board.

The trip to Old Brunswick was quickly made and arriving at the pier the party went up to the ruins of the old church where the visitors revelled in the historic memories of their surroundings. Soon after reaching the scene, Rev. R. W. Hogue, rector of St. James' parish, Wilmington, led a procession of the pilgrims through the west door of the old edifice and inside those crumbling masses of brick and mortar, now being restored and preserved by the Colonial Dames appropriate services were held by Mr. Hogue who read fitting passages of Scriptures and introduced Mr. Junius Davis, of the Wilmington bar, one to whom the memories of the past and Colonial history are especially dear. Mr. Davis said that he was not an orator as Mr. Hogue had been so kind as to speak of him and that he would make no address. At the request of the ladies he simply read extracts from articles recently written by himself on the early history of North Carolina. These proved most interesting to those assembled, especially upon an occasion of the kind. This article of Mr. Davis will shortly be published in the North Carolina Booklet published under the auspices of the Daughters of the American Revolution.

When Mr. Davis had concluded Rev. Mr. Hogue read with much interest a poem written by Mrs. R. E. Markham, of this city, on the ruins of Old St. Philip's. This was a beautiful production and one that will live in the historical writings in connection with the ruins of the church. The sentiment of the poem is spoken of as being very beautiful indeed.

After a brief while spent in inspecting the ruins of the old church and the churchyard near at hand, the party again embarked on the steamer and reached the city on the return about 7:30 o'clock. On board the boat dainty refreshments were served in honor of the guests of the afternoon by Mrs. James Sprunt, always a most delightful hostess even in the most informal affairs. The boat reached the city in ample time for all to attend the lecture last evening in the Elks' Temple by Mr. Hayne Davis in the interest of international peace.

Many of the visiting Colonial Dames who have been here in attendance upon the annual meeting of the Society and the several social features incident thereto, will return to their homes today.

OUR REPUBLIC STANDS FOR PEACE.

The great peace movement in this country seems to inspire the people of all our States, and it is gratifying that North Carolina is not lagging back in the greatest undertaking in the world's history—that of prevailing upon the Nations to go to court (arbitration) to settle their disputes instead of going to war. The Christian, civilized people of the world revolt against war and the spirit of the peace movement is to have it abolished. It does North Carolina proud and it is a pleasing incident that Wilmington has joined in giving emphasis to the movement.

The peace movement is strong in our Republic and our people were among the first to agree to arbitration and live up to it. To show that the United States are for peace we learn from the Philadelphia Press that in a spirit of inquiry, Prof. John Bassett Moore, of Columbia University, who is one of the best known authorities on international law, has examined the records—they are contained in his own volumes on the subject—and discovered that the United States government has had in its history more than sixty arbitrations. "And I found," he says, "that the total number of years during which these tribunals had sat was a hundred and twenty-five—more than the entire duration of our National existence under the Constitution." The excess time, of course, reveals the fact that there were occasionally two or three tribunals in session at once.

The United States has, therefore, had the equivalent of a permanent court of arbitration. Some of the questions coming before its tribunals, as in the case of the Creole, which brought this government and Great Britain to the verge of war, but was adjudicated under the treaty of February 7, 1853, and of the Alabama claims, one of the greatest disputes between modern nations, affected "vital interests and national honor."

Out of all the arbitral awards thus obtained, declares Prof. Moore, there is "not one that has been carried into effect without the concurrence of both governments." They were to all intents final.

The Press, commenting upon Prof. Moore's showing for our country, remarks:

"If finality and permanency are not now things in our international arbitraments, which have been successful on even the gravest occasions, then a permanent and final court of arbitration at The Hague, based upon the great advances in the last century toward defining, establishing, and cooperating in the enforcement of international principles of law, seems not at all impracticable."

BIG DAY FOR LUMBERTON.

Next Friday, May 10, s to be a big day at Lumberton. On that day, the monument to the Confederate dead will be unveiled, an end to which the devoted ladies of Lumberton and Robeson county have been working zealously for some time. They are to be congratulated that their patriotic efforts are soon to be consummated, and that the prospects are that the unveiling is to be a notable event.

The unveiling will not doubt attract a big crowd, among the distinguished men to be present being Governor Glenn and Col. William Lamb, of Norfolk. Col. Lamb was a member of the 36th North Carolina Regiment, and Mr. J. K. Singletary of Company K, 40th N. C. Regiment, invites all the survivors of the 36th and 40th to be at Lumberton to give a hearty reception to Col. Lamb, under whom both regiments served at Fort Foster. The Lumberton Robesonian says of the approaching unveiling:

"May 10th promises to be a great day for the people of Robeson, the majority of whom it is hoped will spend it in Lumberton. Gov. R. B. Glenn, as our readers know, will be the speaker of the occasion, and the knowledge of this is sufficient to insure an immence crowd. Who, having heard him once, would not go to much inconvenience and over many difficulties to hear him a second time. The monument will be unveiled by Miss Bonnie McBryde, the charming daughter of Capt. Tom McBryde. Floats will be furnished from a number of townships throughout the county. Let everybody come and bring their dinners with them. Dinner will be prepared for 500 veterans, but it will be impossible to prepare dinner for the entire crowd which is expected."

—"Did you lose much by that fire out at your house?" asked Townley. "Two quarts of fine old Scotch whiskey," replied Subbubs. "Was that all?" "Yes; you see, only about half of our volunteer fire company got there."—Philadelphia Press.

—"Do you think you will learn to like your titled son-in-law?" "I don't know," answered Mr. Cumrox. "I can't quite tell where to place him in my expense account. He is neither a recreation nor an investment."—Washington Star.

—"I wonder when 'the ring' first became connected with fighting," said the follower of pugilism. "O!" replied Henpeck, "I suppose it dates back to the beginning of the Christian religion—" "What's that? What has pugilism to do with religion?" "O! I thought you were speaking of the wedding ring."—Philadelphia Press.

GET INSIDE.

Your Friends and Neighbors in Wilmington Will Show You How.

Rubbing the back won't cure backache.

A liniment may relieve, but can't cure.

Backache comes from the inside—from the kidneys.

Doan's Kidney Pills get inside—

They cure sick kidneys.

Here is Wilmington proof that this is so:

J. A. White, formerly residing at 206 North Sixth street, Wilmington, N. C., says: "I have had great trouble with my back, right across the loins, and when I sat still for a while I hardly knew how to move and when I did you would think I was seventy-five years old. There were pains all over me and I could not tell where they were to strike me. I used liniments and lots of remedies but nothing did me any permanent good until I procured Doan's Kidney Pills at Bellamy's drug store and used them. They helped me in a very short time and seemed almost to oil up my joints; in fact, I have not had the pains since I used them."

HURT BY WORDS OF ROOSEVELT

Haywood, Moyer and Pettibone Declare President is Moved by Spite and Venom, and His Remarks Endanger Their Lives.

(Washington Post.)

Boise, Idaho, May 1.—Clarence Darrow, of counsel for Messrs. Haywood, Moyer and Pettibone, of the Western Federation of Miners, who are charged with complicity in the murder of former Governor Stuenenberg, tonight issued a formal statement in behalf of the prisoners. It was expected the statement would be a direct reply to President Roosevelt's "undesirable citizen" letter, but the statement is merely general, though the Executive is charged with venom and spite. The statement follows:

"We have been charged with killing ex-Gov. Stuenenberg with a dynamite bomb. Our trial is to begin on the ninth of this month. The details of the assassination have been published broadcast throughout the civilized world for more than a year. During all this time the press of the country, especially of that section of Idaho where we will be placed on trial, has bitterly denounced us and the Western Federation of Miners, to which we belong. The most powerful interests of the country are seeking to take our lives.

"We were not in Idaho for years before the crime was committed. Under the law we could not be extradited from Colorado. But, in spite of this, we were arrested on a perjured affidavit charging that we were in Idaho at the time of the commission of the crime and that we immediately fled from the State, and on this perjured affidavit, known to be false, the governors of the two States of Idaho and Colorado kidnapped us in the nighttime, refused us an interview with family, friends, or counsel, or a chance of appeal to the courts, and brought us on a special train 1,000 miles from home and into a State and community systematically poisoned against us by newspapers and officials. We have been confined in jail for fourteen months against our protest, and denied bail while constantly demanding a trial. Every effort has been made to teach the farmers, business men, and workingmen of the community that we are assassins and outlaws.

"After all this time our case is about to be reached, and the President of the United States in no way interested officially or otherwise, sends two letters broadcast over the country charging us with guilt and crime. These are republished in every paper in the land and especially every paper in Idaho.

"The Governor of Colorado, a day or two later, adds his words of spite and venom to the President's and says that we are not only guilty of the crime charged, but many others, too. While the President of the United States and the Governor of Colorado are sending out their statements to compass our death, the judge of this county has brought a citizen before him for contempt on the charge that he tried to influence the mind of a prospective juror by saying that "the State administration was trying to railroad us."

The hotels of Boise are gradually filling up in anticipation of the trial. The town itself, however, shows no excitement. The residents seem almost apathetic and are not discussing the case.

"Martial law will not be declared in Boise unless disturbances should occur and make such a step necessary,' said Gov. Gooding.

—Whiteville News-Reporter: The regular town convention met in the court house on last Thursday night. Mayor Davis called the meeting to order and H. C. Moffitt was appointed chairman and Mr. T. S. Memory assisted by representatives of the press acted as secretaries. The question of securing the Rockingham Power Company's line by Whiteville was brought up and a resolution was passed requesting the board of commissioners to do all in their power to secure this line. A resolution was passed commending the street work done by the present board. The proposed bond issue was discussed, and while the convention seemed to favor it as a general principle, time was not considered ripe for an expression, so no action was taken. Nominations for officers was then taken up. Mayor Davis, Marshal Thompson and all of the present board of commissioners were re-nominated by acclamation. Members of board are Messrs. E. D. Richardson, R. C. Powell, J. T. McKenzie, D. T. Williamson and E. S. Lewis.

—"I want a pair o' the most expensive gloves you've got," said Mrs. Nuritch at the glove counter. "Yes, ma'am," replied the polite salesperson. "How long do you want them?" "Don't get insultin', young man!" I want to buy 'em, not hire 'em."—Philadelphia Press.

—Arranging for the Kick.—"Hang it!" growled young Lovett to the girl of his heart, "it makes me mad every time I think of that $10 I lost today. I certainly feel as if I'd like to have somebody to kick me." "By the way, Jack, don't you think you had better speak to father this evening?"—Brooklyn Citizen.

ON THE RECORDER'S COURT

Another Taxpayer Wants Information and Makes Argument.

Editor Star: The advocates of the the Recorders Court say it will save the expense of jail fees, and save the citizens time which they now have to give to witness and jury duty. It is easy to make these assertions, and give an imposing array of figures; anybody can do that. But what the people want to know it, how are all these numerous cases to get into the Recorders Court to be there finally disposed of, as is contended. Let us look at the subject in the light of the actual conditions: Every Magistrate will continue to hold his court. The right and duty of the Mayor to hold his has not been taken away, and every one convicted in these courts has the right of appeal to the Superior Court under the State Constitution. So how are the cases to get before the Recorder? The Legislature cannot change the Constitution. The Recorder's Court would be only an additional inferior court at the public expense, and we have too many of these now. What we want is more Superior Courts. Every power that has been given the Recorder could be given to the Mayor, with no additional expense, and why should the City of Wilmington have to pay for a Recorder Court for New Hanover county? This is another vital point for city taxpayers.

Peruchi-Gypzene Company Holding the Boards at Academy.

The Peruchi-Gypzene Company closes its first week of stock today at the Academy, and for the closing will present "A Prince in Rags" at both matinee and night. The play should prove an especially strong matinee bill, and will, no doubt, attract a large audience. The prices for the matinee will be 10 and 20 cents.

Laying off Monday night, when Kersand's Minstrels will hold the boards, the company will resume its engagement Tuesday evening and will then present a new bill. Another change of play will be made Thursday night, according to the order of things.

Charged With Maintaining Nuisance.

Owen Smith, colored, who keeps a restaurant on Wright, between Second and Third streets, was arrested yesterday afternoon by Officer H. W. Howell on a warrant sworn out by Mr L. D. Bordeaux, charging him with maintaining a nuisance in the neighborhood by having at his place nightly loud noises, dancing and other disorder to the annoyance of the whole neighborhood and community. A number of residents are summoned for the prosecution and others are summoned for the defendant. The case will come up in the Mayor's Court today at noon to which time Smith was recognized.

AN INTERESTING TRIAL.

Constable Savage Found Not Guilty of Trespass—Hearing.

An interesting trial took place yesterday morning in the grand jury room at the Court House before Justice George Harriss. The defendant was Constable W. B. Savage, and in serving an ejectment process on Mr. D. T. Myers, a painter at 917 Chestnut street, he was charged with trespass. The warrant had been sworn out before Capt. A. D. Brown, a magistrate, but Capt. Brown is not actively engaged in performing the functions of a justice of the peace and the trial was transferred to Justice Harriss. Attorneys for Mr. Myers were Messrs. Robert Ruark and B. G. Empie, while Mr. Savage was represented by Mr. Marsden Bellamy and Mr. Herbert McClammy. After a full hearing, Justice Harriss adjudged the officer not guilty of trespass and taxed the prosecutor, Mr. Myers, with the costs. From this costs the attorneys appealed. The original action of ejectment was brought by Mr. H. F. Wilder, the real estate agent.

Everett Webster Crew Safe.

A cable from London to the New York World announces that the French barque Quevilly, Capt. Ladonne, bound from Philadelphia to Rouen, France, had signalled when passing the Lizard that Capt. Maxwell and crew of the ill-fated schooner Everett Webster had been rescued at sea by the vessel making report. Word is expected from the crew on this side later. One of the number is Mr. Ed. Smith, a son of Mr. and Mrs. A. D. Smith, of this city. The news that the crew had been rescued was welcome news to the family yesterday. Mrs. Smith had been almost prostrated with grief ever since she had heard that the vessel with her son on board was lost.

BRADSTREET'S TRADE REVIEW.

Cold April Seriously Affected Business —High Grain.

(By Wire to The Morning Star.)

New York, May 3.—Bradstreet's tomorrow will say:

Unseasonably cold weather still hampers trade and crop developments, though there is a slight improvement noted later directly because of the recent ample moisture in the Southwest. Retail business has been chiefly affected so far, but jobbers and wholesalers report that April trade as a whole does not equal that of April a year ago, though the volume of business for the four months' period is considerably in excess of 1906. Collections are likewise showing some effects of delayed trade, while improving weather conditions have been temporarily favorable. Reports as to advance orders booked for Fall are quite encouraging—in excess of this time a year ago, in fact—though a few lines note hesitation as to booking far ahead. Industry as a whole is actively engaged. May 1 strikes, largely confined to building trades, do not appear near as serious as in previous years, and the tone in the iron and copper trades appears somewhat stronger and a greater disposition to book freely for the last half being noted in pig iron. On the other hand, the leather trades are quiet as a whole, though more has been done in some lines owing to output being restricted, and hides are firmer.

A feature deserving of notice is that grain and cotton prices are higher this week, causing the advances of last week, mainly because of poor crop advices, but in the case of wheat also because European crop advices are not much more favorable than in this country.

Something like an old-time bull market in wheat developed this week, with a net advance of 2 cents after sharp upward and downward moves, brought about by conflicting crop reports.

MONUMENT TO FEDERAL HEROES

Confederates Join New Jersey Survivors on Famous Battlefield.

(By Wire to The Morning Star.)

Richmond, Va., May 3.—A special train bearing the surviving veterans of the 23rd Regiment, New Jersey Volunteers, known as the famous "Yahoo Regiment," arrived in Fredericksburg this morning and those aboard it proceeded in carriages to Salem Church, Spotsylvania county, where they dedicated a monument recently erected to those members of the regiment who fell in the battle of Salem Church May 3, 1863. There were present a large number of Confederates as well as Federal veterans. The unveiling exercises were elaborate and impressive. An address of welcome was made by Judge John T. Goolrick, of Fredericksburg, an ex-Confederate, the monument was unveiled by D. B. Grubbs, Jr., son of General E. Burd Grubb, who commanded the Northern veterans and who purchased and presented the ground on which the monument stands. Hon. Edmund Wilson, of Red Bank, N, J., representing Governor Stokes, accepted the monument for the State of New Jersey; Captain E. H. Krkbride accepted it on behalf of the veterans, and Rev. William Tabbott, of Asbury Park, N. J., officiated as chaplain. Governor Swanson, of Virginia, was ably represented by Major Robert J. Hunter, secretary of Virginia Military Records.

The monument is of gray granite, is 20 feet high and has the figure of a soldier standing at rest on the top. One of the faces of the monument contains the following inscription: "To the brave Alabama boys, our opponents in this field of battle, whose memory we honor, this tablet is dedicated."

YOUNG CORBETT KNOCKED OUT

Kid Sullivan Badly Worsts Denver Man in Baltimore.

(By Wire to the Morning Star.)

Baltimore, May 3.—Kid Sullivan, of Washington, tonight knocked out Young Corbett, of Denver, in the eleventh round. The match which was fought before the Eureka Athletic Club, was scheduled to go 15 pounds. In the rounds in which there was any particular advantage, it was with Sullivan. Corbett showed that he was hurt as early as the second round and in the fifth Sullivan knocked him through the ropes. Corbett was then in bad shape, but managed to last until the bell. Again in the seventh Corbett was driven through the ropes. In the tenth he was in very bad shape, going to the floor for the count just before the end of the round. In the eleventh both men showed that they were very tired, Corbett being near the point of exhaustion. He was being beaten about the ring when Sullivan landed a good right on the jaw and again Corbett went through the ropes, this time flat on his back with head to the audience, where he lay while Referee Jack McGuigan counted him out. Corbett also was pounded so heavy that he was carried to his corner and was not revived for many minutes.

BANK EMBEZZLER INSANE.

Had Delusion That He Could Make Millions on Cotton.

(By Wire to the Morning Star.)

Birmingham, Ala., May 3.—The third day of the trial in the Federal Court of Alex. R. Chisolm, former paying teller of the First National Bank, charged with having embezzled $100,000 of the bank's funds, which he is alleged to have lost in cotton speculation, opened with Dr. Charles Whelon on the witness stand. Dr. Whelan was formerly city physician of Birmingham. He described his first meeting with Chisolm in jail when the defendant began to talk of speculation. He had concluded the defendant was a delusionist and gave it as his opinion that Chisolm was insane, "provided he was sincere in his professions of an ability to speculate successfully in cotton."

Lieutenant Governor Henry B. Gray testified to being a stockholder in the National Bank, and said he noticed a very perceptible change in the defendant some time prior to his arrest. He thought Chisolm was overworked and had too much responsibility for a young man. An objection to the question as to whether or not Chisolm, in the opinion of the witness, was insane was sustained, but later the government waived objection and Lieutenant Governor Gray said:

"Based on what afterwards transpired, I think the defendant was mentally unbalanced." The court ruled the answer out as not being in direct response to the question.

John L. Baird, a bank clerk and friend, went with Chisolm on his vacation last Summer. Chisolm had declared, Baird said, that he was going to make a "killing" when they reached New York.

At the opening of the afternoon session, Dr. W. A. White, superintendent of the insane asylum, Washington, D. C., who testified as an expert in the Thaw trial, was called to the stand. He defined delusions and various mental disorders.

COMMANDER FULLAM IS BOSS.

Had Nicaraguan Troops Arrested for Assaulting Negro.

(By Wire to The Morning Star.)

Puerto Cortez, April 30, via Mobile, May 3.—"General" Davis, colored, of Boyce's Station, La., was brutally assaulted at Puerto Cortez, April 27, by Nicaraguan soldiers and may die.

Commander Fullam, of the United States gunboat Marietta, ordered the arrest of Nicaraguan officers and soldiers and if the man dies they will be tried for murder. Fullam has assumed charge. Davis is not an officer. His name is "General."

Commander Fullam's orders were sharp and decisive. "Arrest the chief of police and the policeman engaged in the assault. Put them in irons and send them aboard ship. Arrest the Nicaraguan officers and men engaged in the assault and hold them for orders."

It was thought possible that an attempt would be made to release the soldiers and police captured by the blue jackets so men were landed from the Paducah to occupy the Laguna and additional men were landed from the Marietta. The Paducah moved to a position fronting the Nicaraguan Cuartels while the Marietta covered the Cuartels in the port.

Captain Fullam finding tha t the civil authorities were incapable of maintaining order, that the government of Tegucigalpa was a mere provisional agreement of certain leaders that so far gave no evidence of stability; decided to ignore the authorities and recognize the only organized and disciplined force here under General Estrada, commanding the Nicaraguan forces, who had in the meantime returned from an outing.

The Nicaraguan officers and men arrested were delivered by Captain Fullam's orders to General Estrada who was advised that they would be held responsible. Notice also was served on the Honduran and Nirararaguan authorities that reparation would be demanded and punishment must be inflicted on all of the perpetrators of the outrage.

BOTH MEN WERE KILLED.

Negro Fatally Shoots White Man in Alabama.

(By Wire to The Morning Star.)

Birmingham, Ala., May 3.—At Woodstock today Frank Richardson, a negro, shot and mortally wounded J. E. Sullivan, agent of the Alabama Great Southern Railroad and in turn was shot and instantly killed by Sullivan. Sullivan was brought here to a hospital and died four hours later. Richardson was preparing to ship some household goods to Columbus, Miss., and a rate had been quoted to him. He claimed that the rate was excessive and that he had previously had a lower rate.

The lie was passed and the negro showed fight when Sullivan stepped into his office to get his gun. As he returned the negro shot him in the abdomen, whereupon Sullivan began shooting, killing the negro at the second shot.

THIRD TERM FOR ROOSEVELT.

President Will Make No Further Statement on Matter.

(By Wire to The Morning Star.)

Washington, May 3.—The statement was authoritatively made today that the President at present had no intention of reiterating his declaration made on election night in November, 1904, that under no circumstances would he be a candidate for or accept another nomination. Reports of this character have been current recently and have been brought to the President's attention, but from what he has told those close to him he has no such idea in his mind, feeling that there is no necessity for such a reiteration on his part.

—Fayetteville, May 2: The local board of managers of the Fayetteville State Colored Normal School, of which Mr. H. L. Cook is chairman, in a conference last evening with State Superintendent John Duckett fixed on a site for the neew building on Ashley Heights.

—The annual State Convention of The King's Daughters is in session at Henderson. On Thursday a Stonewall Jackson training school association was organized in the interest of the reformatory or institution for youthful crminals that will be called the Stonewall Jackson Training School.

—Asheboro, May 2: Mabe Ledwell, a negro brute, assaulted Mr. Shuford Russell in Russells barn this morning, slashing him from head to foot with a knife. Russell's condition is critical and it is thought that he will not recover. The tragedy occurred about seven miles south of here. The sheriff has been notified and has gone in quest of the culprit.

—Fayetteville, May 2: An important sale was made yesterday by the Bank of Fayetteville to the Southern Real Estate Company of the McKethan lot, fronting 205 feet on Person and 276 feet on Dick street, the purchase price being $9,000. This is the site of the McKethan Carriage Manufacturing Company, one of the most extensive in the South before the war.

—Fayetteville, May 2: A young white girl, Mary Bass, 18 years of age, who says she is an orphan from Sampson county, is in the county jail, placed there by Sheriff Watson until he can tell how to dispose of her. It seems to be a pitiable case, for she was found in a corner of Vanstory's field on the Wlmington road, drunk and almost without clothing. How she got there remains for investigation.

—Newbern, May 2: Moses Thom, a colored laborer on the Pamlico, Oriental & Western Railroad, lost his right hand today by the explosion of a stick of dynamite. He discovered the explosive in the fire and endeavored to remove it. When in his hand it exploded, fearfully lacerating it, and also injuring the leg in three different places. Thom was taken to the sanitarium, where the hand was amputated at the wrist.

—Charlotte, May 2: Capt. George F. Bason, of Gastonia, formerly of this city, died last night, following a brie illness. The deceased was attorney for the Southern Railway and former assistant district attorney. He also served in the State Senate. Mrs. Bason died here twelve years ago. Surviving Capt. Bason are his three children, Mr. William Bason, of New York; Miss Johnsie Bason, of Red Springs, and Master George Bason, of this city.

—The Secretary of State on Thursday chartered the Clarkton Planing Mill Company, Clarkton, Bladen county; authorized capital stock, $25,000, with privilege of beginning business with $6,000. Incorporators are: O. L. Clark, 20 shares; G. L. Clark, 10; J. A. Clark, 10; M. B. McCuley, 20. The object is to buy and sell timber, operate sawmills, etc. The Clarkton Express says: "Lumber is being hauled for the big planing mill soon to go up here. It will be located where the pickle tanks used to be."

—Whiteville Echo: Throughout the entire Chadbourn berry belt the growers are closely saving everything that can be marketed and are doing it with as little expense as possible. Just what will be the final outcome of the present crop no one at present can tell. Some of the growers express the opin ion that if the present high prices are maintained throughout the season this will yet prove to be one of the most profitable crops to the growers in the history of the berry industry, while others hold that to come out even with the game is as much as the growers can hope for.

—Mount Olive Tribune: Tuesday night about 11 o'clock a pistol shot was heard in the southeastern section of the town, and upon investigation it was found that Lemuel Grantham, a well-known young colored man, had been shot and instantly killed by Hosie Troublefield, also colored. Several witnesses were present when the killing occurred, and according to their testimony the two negroes became involved in a row. Grantham pursued Troublefield, striking him over the head with a brick, and it was then that the shooting was done. The two were returning from a colored Holiness meeting when the trouble occurred. Troublefield was arrested about hour after the killing by Constable George F. Kornegay. Grantham, about 21 years of age, was a familiar figure about town, and his reputation was not very good. Troublefield is about the same age, and moved here from the country a year or more ago.

THE COTTON MARKET.

(By Wire to the Morning Star.)

New York, May 3.—The cotton market was very nervous and unsettled during todaq's session, owing to the talk of legal proceedings against the Exchange and the classification committee. Trading was very active at times but business as a whole was less active than yesterday, sales being estimated at 350,000 bales. The close was easy or near months and steady on the new crop with prices unchanged to 12 joints net lower, July showing the maximum loss. The opening was steady at an advance of 8 points to a decline of one point, the big gain being in May in resopnse to higher cables while only one position was lower. Shirts were very nervous and at first, and after the call July sold up to 10.41, or 8 points net higher and about a cent a pound over the recent low level.

There appeared to be plenty of cotton for sales on the bulges, however, with certain prominent brokers offering to reassure the scattering short interest, and prices soon eased off to little under the closing figures of the previous day. An unfavorable weather forecast helped the later months in the afternoon but there was heavy liquidation by leading longs in the near positions and the old crop closed at just about the lowest point of the session. Southern spot markets as officially reported were unchanged to 3-8c higher. The into-sight figures were bullish and a bullish visible supply statementi s expected tomorrow.

Receipts at the ports today, 11,955 bales, against 12,605 last week 19,562 last year. For the week, 65,000 bales against 70,640 last week and 93,982 last year. Today's receipts at New Orleans, 1,278 bales against 2,511 last year and at Houston 1,866 bales against 3,267 last year.

Spot cotton closed steady; middling uplands, 11.55; middling gulf, 11.80; sales, 2,486 bales. Futures closed, near months, easy; distant months, steady.

DAM COLLAPSES AND 20 PERISH

Terrible Catastrophe in State of Chihuabua, Mexico, on Last Thursday.

FORTY MEN WERE ENGULFED

Enormous Weight of Stone and Water Covered Workmen—Similar Disasters in Same Vicinity Have Claimed 200 Victims.

(By Wire to The Morning Star.)

San Antonio, Tex., May 3.—A special from Chihuahua, Mexico, says:

"Without an instant's warning the great walls of the Chivuscar dam gave way yesterday, engulfing nearly 40 men under the enormous weight of masonry and water. Between 15 and 20 are dead, 13 injured and other unaccounted for. Some of the injured will die. The disaster is only the last of a large number of which recently have claimed nearly 200 victims in this State, and mostly in the neighborhood of Chiahuahua. The authorities are making a thorough investigation into the present catastrophe and will severely punish those upon whom they place the blame."

According to the version of the affair which reached here the men were working on a foundation close to the foot of the main ramparts of the dam, which had already been constructed. The main wall was weak and gave way under the water pressure. The dam was being put in for irrigation and stock watering purposes, and was a large enterprise. The loss will be heavy. All the victims are Mexicans.

SANTO DOMINGO TREATY.

New Pact With United States Ratified by Black Republic.

(By Cable to the Morning Star.)

Santo Domingo, Republic of Santo Domingo, May 3.—The new treaty between the United States and Santo Domingo, intendd to replace the treaty which has been pending before the United States for the last years, was ratified by the Dominican Congress today.

The Dominican treaty marks a new departure in the relations of the United States to the smaller republics of the Western hemisphere, for in the case of Santo Domingo the United States now becomes legally a trustee in a financial sense, and in the discharge of its new duties must go so far in the preservation of order and the accompanying discouragement of revolutions as is incident to the control of the custom houses and the collection of the republic's revenues.

The newtreaty provides in its first article for the appointment by the President of the United States of a receiver of customs to collect the Dominican revenues as long as the bonds are outstandng, a period variously estimated at from 20 to 40 years. This collector is to pay the expenses of receivership, the interest on the bonds and the annual sums required for amortization of the bonds, and then turn the remainder of the receipts over to the Dominican government. On the first day of each month he is to pay $100,000 to the fiscal agent of the loan. If the customs receipts exceed $3,000,000 annually then one-half of the surplus shall be applied to the sinking fund.

It has also performed a wonderful cure of incipient consumption for my son's wife. WATCH TRUST CALLED TO TIME

President of Independent Watch Dealers Association Furnishes Tangible Evidence.

ROOSEVELT REFUSES WATCH

President Offered American Timekeeper Bought in Europe at Less Than It Could Have Been Purchased in United States.

(By Wire to the Morning Star.)

Washington, May 3.—Charles A. Keene, of New York, president of the Independent Watch Dealers' Association, had a conference with Assistant Attorney General Purdy of the Department of Justice concerning an investigation which the Department is making into the methods of the so-called watch trust. Mr. Keene presented to Mr. Purdy, he said afterward to newspaper men, considerable evidence concerning the operations of the alleged watch trust. While he declined to enter into particulars respecting the conference, it is known he asserted that American made watches could be purchased in various European countries for much less than they could be bought in this country, and that the alleged watch trust sold watches to foreign dealers at a much lower price than they quoted to American dealers. He exhibited American watches, which he had purchased abroad for less than he could buy them in this country.

Mr. Keene also called at the White House today and offered to President Roosevelt a watch with an American movement and American case which he had purchased in England from a dealer who had paid the alleged watch trust $7.98 for it. The watch, he said, would cost an American dealer $10.58. The watch was engraved as having been presented to President Roosevelt "as a demonstration of the methods of the American watch trust." The President declined to accept the gift. Later in the day, Mr. Keene sent the watch to the President with a letter urging him to accept it, and saying:

"You will find engraved on this watch, in as few words as possible, indisputable evidence of the Watch Trust methods, which shows serious discrimination against the American dealer in favor of the foreigners."

COTTON EXCHANGE'S DEFENSE.

Statement Concerning Suit of Theodore Price About Classification.

(By Wire to The Morning Star.)

New York, May 3.—The New York Cotton Exchange through its superintendent, W. V. King, tonight made public a statement concerning the charges made by Theo. H. Price in his suit brought yesterday against this institution. Mr. Price seeks an injunction to restrain the members of the classification committee from continuing its present method of classification, on the ground that cotton has been improperly classed by the committee. Among other things, it is alleged by Mr. Price that actual reclassification has shown a wide difference in grades from the original classifications as made by the committee, etc.

According to the statement of the Exchange, during the past twenty years there has been inspected by the inspection bureau and classified by the committee 3,538,022 bales, the total value of which was fixed at $159,210,990. During this time the total amount paid out on claims for cotton not coming up to grades classifies amount to $94,596. Superintendent King in referring to the statement, said:

"When it is shown that out of cotton valued at $159,210,990 there has been only claims filed aaginst the bureau of inspection for $94,596 it is ulain to be seen that the classification committee in performing its work during the past twenty years has done it with care. It must be remembered that the bureau of inspection has been conducted for the past twenty years at a total expense of $998,043. This bureau has been able to pay all these claims which has been filed against it and still have remaining a surplus of about $200,000. The bureau is self-supporting, it being maintained out of the receipts derived from inspection charges."

GUATEMALA HAS APOLOGIZED.

Will Have No War With Mexico—Is Satisfactory.

(By Wire to The Morning Star.)

Mexico City, May 3.—Guatemala has apologized to the Mexican government for insinuating that the Mexican legation at Guatemala City was harboring the men who are suspected of attempting to assassinate President Caberera, of Guatemala, last Tuesday morning. Minister of Foreign Affairs Mariscal received this information late today in a cable dispatch from Minister Gamboa, now at Guatemala City. The incident is now closed to the satisfaction of the Mexican government.

The question of extradition of Jos. E. Lima, charged with complicity in the assassination of former President of Guatemala, Manuel Marrillas, while the latter was under the protection of the Mexican flag, is still pending.

GREAT EXPLOSION AT CANTON, CHINA

Big Powder Magazine Blows Up and Spreads Death and Destruction.

TWENTY-ONE MEN KILLED

Fifteen Buildings Razed to Ground by Concussion—More Than Hundred Yards of Ancient Wall Was Thrown Down.

(By Cable to The Morning Star.)

Hong Kong, May 3.—Great destruction of life and property was caused at Canton yesterday evening by the explosion of a gun powder magazine. Twenty-one bodies already have been recovered from the ruins. Hundreds of persons were injured.

Fifteen buildings were razed to the ground and over a hundred were seriously wrecked. A section, two hundred feet long, of the massive city wall was thrown down. The historcal many-storied pagoda escaped with slight injuries. The officials and staffs of the hospitals are doing their best to succor the sufferers.

In the Shamien suburb, where the foreigners live, a terrific shock, caused by the explosion, was felt, but the residents were unharmed.

The city of Canton is about six miles in circumference and is enclosed by walls about twenty feet thick and from twenty-five to forty feet high. There are 16 gates into the city besides two water gates. The famous nine-storied pagoda, dating from the beginning of the Mddle Ages, is situated in the western part of what is known as the Old City. The foreigners reside in the Shamien suburb founded in 1859 on an artificial island on the Honan side of the river. The population of Canton is estimated at 900,000.

BRITISH TARS AGAIN WIN.

Carried Off Honors in Races at Jamestown Exposition.

(By Wire to The Morning Star.)

Norfolk, Va., May 3.—English tars repeated their victories of yesterday over the American, German, Austrian and Argentine crews in today's races in Hampton Roads.

The event of the day was the elimination trial between American ships' crews for the defense of the Battenberg cup against the British cruiser Argyll's crew tomorrow. There were 15 entries and the Illinois won, with the Indiana second and the Maine third. Racing cutters were used and the three-mile course was covered by the winner in 25 minutes and 35 seconds.

In the first race the Good Hope crews finished second and third, while her consort, the Hampshire, sent a boat into second place. This race was a combination sailing and pulling over a six-mile course and the best time was 2:33 and 13 seconds. The Rhode Island's boat was fourth. In the ten-mile sailing race between service cutters the Austrian cruiser Sankt Georg had the winning boat, but the Good Hope was a close second, while the Ohio was ten minutes behind her. Time of winner, 2:41 and 5 seconds.

The third race was the same distance, over the regular Jamestown Expoistion course, but sailing launches were used. Here the Americans redeemed themselves, the Virginia and Louisiana tied for first place and the Connecticut finished second. The others were distanced. Time, 2:27 and 38 seconds.

HINDU UPRISING IN INDIA

Mob Attacks, Burns and Loots Property of Europeans.

(By Wire to the Morning Star.)

Allahabad, British ndia, May 3.—Serious anti-European riots have occurred at Rawalpindi, Punjab. A Hindu mob burned two bungalows, pillaged the mission church, looted the postoffice, burned a garage and all the motor cars in it, destroyed the plant of a power house and smashed the windows of the residences of many Europeans. Armed police eventually obtained the upper hand and dispersed the rioters. The town is now patrolled by a squadron of the Tenth Hussars.

The outbreak at Rawalpindi is attributed to the incendiary influence of well known agitators who have been making speeches throughout the Punjab and who also are held responsible for the recent outbreak at Lahore.

Rawalpindi is a fortified town of the Punjab, capital of Rawalpindi division and district, and has a population of about 9,000. The Rawalpindi division has about 5,500,000 inhabitants.
